JULY GENERAL MEETINGS 2:00 pm – 4:00 pm :

Wednesday 16th July

Cosham Baptist Church, Havant Road, Cosham, PO6 2QZ

Speaker : Malcolm Wells M.B.E.

Light hearted stories of Malcolm's time at Canine Partners, including working with Sir Terry Wogan and how to teach a dog to use a washing machine! His experience of 24 years in the Army as a musician playing cello on state occasions and banquets at Kensington and Buckingham Palace – including the time when the wrong National Anthem was played! As a medical assistant in the first Gulf war – nothing gruesome – just light hearted stories of things that could have gone better. Rounded off with the "behind the scenes" experience of receiving the MBE at Buckingham Palace and being mistaken as a member of the Royal Household.

Wednesday 23rd July

Sacred Heart Church, 356 London Road, Waterlooville, PO7 7SR

Speaker : Hampshire & IOW Air Ambulance

A charity that delivers an advanced Critical Care Team to sick and injured people in Hampshire and the Isle of Wight when they need it most - whether that be beachside, roadside, countryside or bedside – giving them the best chance of survival and recovery. Available both day and night, 365 days a year, the team is called out an average of seven times a day to attend road traffic collisions, sporting accidents, collapses and many other incidents.

Since their first flight in July 2007, the team of doctors, dispatchers, paramedics and pilots have responded to more than 20,000 emergencies across Hampshire and the Isle of Wight from their Airbase in Thruxton, Andover.

SPEAKER'S CORNER - review of June's talk :

Songs of War from Tudor times to World War 2 performed by John Connell

Usually performing as a duo with John Miller, the performance was carried by John Connell with only 24 hours' notice of John M's indisposition.

Starting with a Tudor drinking song praising Queen Elizabeth 1st, the audience was taken through the ages illustrated by songs and video clips. Poignant reminders of World War I in the song "Scarlet & the Blue" when young men were recruited from the same towns and villages to form the PALS regiments and often died together. The song "Long Trail a-Winding" was illustrated by video clips of women at their war work. In World War II the troops who were victorious in North Africa crossed the Mediterranean to fight their way through Italy. After D-Day, Lady Astor, the first female MP, called the troops in Italy "D-Day dodgers" A song was written and performed on video for us to dispel her deeply mistaken perception! I was moved to tears by the final video performance by the late Jim Radford. He went to sea at 14 as a galley boy and was on a tug towing one of the Mulberry harbours to Normandy. His rendition of "The Shores of Normandy" was a fitting ending to the afternoon. The final two verses recalling the horrors of war:

*"For every hero's name that's known
A thousand died as well
On stakes and wires their bodies hung
Rocked in the ocean swell
And many a mother wept that day
For the sons they loved so well
Men who cracked a joke and cadged a smoke
As they stormed the gates of hell*

*As the years pass by
I can still recall the men I saw that day
Who died upon that blood-soaked sand
Where now sweet children play
And those of you who were unborn
Who've lived in liberty
Remember those who made it so
On the shores of Normandy"*

Hilary Ryan, Speakers' Secretary

ART IN THE AFTERNOON

Art in the Afternoon has been running since November 2021, meeting twice a month on a Monday afternoon. We are a friendly group of ten people who meet to share a common interest in painting and drawing. There's often a topic or challenge to depict, while members are always welcome to do their own chosen piece of art. Sometimes we collaborate on a piece of work, such as our group's name banner above or the "old master" below. We are a group of mixed ability but always ready to help each other and offer encouragement. Most of all, we enjoy getting together to be creative.

Dianne Lloyd, Group Coordinator

COMPUTER HELP

Two of our members – Rich Edwards and Andrew Leonard – have offered to help members with any queries or problems related to their computer/tablet/iPad. This is mostly in the form of advice given over the phone or by email. Many problems can be resolved by user intervention. This informal advice is provided free but home visits are not offered.

Rich and Andrew can be contacted, initially, by email at it-advice@waterloovilleu3a.org.uk

Prefer not to receive member bulletins?

We issue regular bulletins to our members to inform them of meetings, social events, group activities, membership information, etc.

IF YOU DO NOT WISH TO RECEIVE THIS BULLETIN, please tell us so that we can remove your details from the distribution list. A confirmation email will be sent to you but you can change your mind at any time and request your details to be added back on to the distribution list.

Members also receive the "*u3a Matters*" magazine issued several times a year by the Third Age Trust.

To unsubscribe from either of these, contact the Membership Secretary at members@waterloovilleu3a.org.uk.

LOCAL GOVERNMENT REORGANISATION – HAVE YOUR SAY

Currently, the area of Hampshire, Portsmouth, Southampton and the Isle of Wight is made up of Hampshire County Council with 12 district / borough councils, and three separate unitary authority councils - Southampton, Portsmouth and the Isle of Wight.

The UK Government has asked councils across England to look at how they are organised, with the aim of improving services and making better use of public money and to put forward proposals for new unitary authority councils.

Our Place, Our Future

Shaping council
services in Hampshire,
Southampton, Portsmouth
and the Isle of Wight

The proposals aim to ensure that these new councils provide the best balance of local decision-making and sustainable size and are large enough to deliver high quality services and value for money, but small enough to be connected to the place and people they serve. To achieve this, the proposals outline options for four unitary councils on the mainland. This would mean one council delivers the majority of local services. Although Portsmouth, Southampton and Isle of Wight already have a single council they are included in the proposed changes and may end up joining with other council areas in Hampshire.

These four unitary councils would surround four key hubs for the area where people tend to look for services, jobs, education, leisure and transport - Portsmouth, Southampton, Winchester and Basingstoke. The proposals would also ensure that Isle of Wight continues as its own unitary council.

Residents are being asked for their views on how their council should change as part of the government's plans to reform local government.

There are three options under consideration with the broad areas of Fareham, Gosport, Havant and Portsmouth forming one of the proposed new unitary councils. However, one of the proposals suggests that some parishes currently in these local councils are covered by a different unitary authority – these parishes are Denmead, Newlands, Horndean, Clanfield, Rowlands Castle, Boarhunt, Southwick, Widley, Wickham, Knowle and Whiteley.

Residents throughout Hampshire are urged to make their views known and more information about the proposed reorganisation and a link to the survey can be found at : <https://ourplaceourfuture.commonplace.is/> The survey is open until the 27th July.

WU3A FACEBOOK GROUP

We have a private Facebook group that is open to any Waterlooville u3a member. To join, login to Facebook and search for 'Waterlooville u3a Members Group' and request to join. Or click this link

GROUP MATTERS

To join or leave a group, or for more information :

visit the Groups table at a general meeting or coffee morning, email groups@waterloovilleu3a.org.uk or call 07769 266879

You can also find out more about our groups by visiting the Groups page of our website at <https://www.waterloovilleu3a.org.uk/groups.htm> All of our groups are listed there and each have their own web page – just click on a group name to open their page.

NEW ART GROUP STARTED

A new Art group has started called 'Fun with Watercolours'. They will meet every Thursday afternoon at a members' home in Cowplain and they have space for new members so let me know if you are interested!

FILM GROUP ANYONE?

A local Nursing Home has offered our u3a free access to it's 15 seater cinema room. They show films using DVDs, and can even provide the popcorn. If anyone would be interested in forming a new Film group to make use of this facility, then let me know!

BEGINNERS ITALIAN CONVERSATION

One of our members is willing to run a new group at her home, but we need someone that can speak Italian to be their tutor. Could this be you? Let me know if you are interested in learning or tutoring!

POTENTIAL NEW GROUPS

The following new potential groups need a few more interested people and it will be worth starting new ones!

CANASTA – A popular card game

LOCAL HISTORY – Learn the history of places in our area – may include a guided tour and talk.

OUTINGS – Visit places of interest, tours, lunch etc

PHOTOGRAPHY How to use a digital camera, how to take a good photo and get members to comment and make suggestions, visit locations for a photoshoot.

TABLE TENNIS for beginners and experienced players knocking a ball over a net indoors.

WEEKENDERS – Looking for things to do at the weekend? Pub lunch, a walk, meet for coffee or a drink?

TUTORS NEEDED

There are some groups with a waiting list of members that are eager to form a new group, but we can't have a group where everyone wants to learn but no-one to teach it!! Are you able to be a tutor for any of the following? (no, you don't have to be the Group Co-ordinator too).

ARCHAEOLOGY
LINE DANCING

BEGINNERS ITALIAN CONVERSATION
TAI CHI FOR BEGINNERS

Have an idea for a new group?

Groups don't magically appear – they are born when enough members express an interest in a particular activity and someone (or two) volunteers to act as Group Coordinator. There is a wealth of support for budding groups so get in touch and see what happens.

If a group is full, you can be placed on the waiting list; you will be offered a space when one becomes available and you are at the top of the list. Don't wait to go on a waiting list – popular groups usually have one and being on the waiting list increases your chances of being offered a space.

Kevin Stock, Group Liaison

COULD YOU BE A VOLUNTEERING CHAMPION?

Waterlooville u3a is an all-volunteer organisation, entirely dependent upon its volunteers to function and flourish. Well over 10% of our membership volunteers in one way or another – or in multiple ways! We are looking to recruit a Volunteering Coordinator to work alongside the Committee to help manage all aspects of volunteering. This would include identifying potential members who might be willing to offer their services to help in the running of Wu3a. It would also include finding more ways to encourage and show our appreciation of, existing volunteers.

Volunteers are involved in many ways, from helping out at events, becoming Group Coordinators or even by seeking election to, or supporting, the Committee. The Coordinator would be responsible for talking to new members and other members who attend coffee mornings and general meetings, looking to identify individuals who might be able to offer their time and expertise to support events, groups or other essential tasks. The role would be flexible and offers the opportunity for someone who enjoys mixing and talking to people the chance to get more involved and to offer support to individual volunteers, including helping with their induction and keeping in contact with them. The role could also include helping the Committee nurture Wu3a's existing culture of volunteering and develop a positive approach to succession and renewal.

If you feel you have time to spare and would like to know more about the role please talk to the Chairman or one of the Committee members, many of whom regularly attend coffee mornings and general meetings or email chair@waterloovilleu3a.org.uk

DO YOU VOTE BY POST? YOU MAY NEED TO RE-APPLY

Following changes to the Elections Act, a voter can hold a postal vote for a maximum period of three years. All electors who had a postal vote in place prior to 31st October 2023 will need to re-apply before the deadline of 31 January 2026.

This applies to UK Parliamentary elections (not Northern Ireland), including by-elections and recall petitions; local elections in England and Police & Crime Commissioner elections in England and Wales.

Postal voters who have provided their email address to their electoral registration office will be sent an email with details of how to renew their postal vote application. For those electors without email, they will be contacted by post in September.

For more information see <https://www.gov.uk/apply-postal-vote>

If you're not sure of your electoral registration office, follow this link and enter your postcode <https://www.gov.uk/contact-electoral-registration-office>

M27 JUNCTION 10 UPGRADE

Hampshire County Council and National Highways is upgrading the M27 Junction 10 to support the new Welborne Garden Village. The scheme includes a new underpass, improved motorway access and enhanced walking and cycling routes.

To construct the underpass, a giant concrete box is currently being constructed alongside the motorway. This will be slid into place under the M27 using an innovative engineering technique box slide method. Click here for more info :

JULY DATES & TRIVIA

- 1st (2007) smoking in public places was banned in England.
- 6th (1895) Micheldever saw the first car ride in Britain; the Hon. Evelyn Ellis and Frederick Simms drove an imported French Panhard-Levassor from Micheldever to Datchet. Ellis was a speed fiend and reached a daring 20 mph - vastly exceeding the then maximum speed limit of 4 mph.
- 8th  (1937) the first 999 call was made by a Mrs. Beard of Hampstead who reported a burglary in the early hours of the morning, while her husband was trying to apprehend the perpetrator; as a result of police action Thomas Duffy – a 24-year old criminal – was apprehended.
- 9th (1981) Donkey Kong was released by Nintendo.
(1877) the All England Lawn Tennis and Croquet Club in London hosted the first Wimbledon championship.
- 10th  (1958) the first parking meter was installed outside the US Embassy in Grosvenor Square, Mayfair. The cost was 6d per hour, with a fixed penalty fine of £2 for those unwilling to pay.
- 11th **Full moon** – traditionally known as the Buck Moon – named for the time when male deer begin to grow their new antlers. It is also known as the Thunder Moon and the Hay Moon. 
- 14th (1867) Alfred Nobel demonstrated dynamite for the first time in the UK at Merstham Quarry in Surrey.
(1928) the first National Grid electricity pylon was erected at Bonnyfield, near Falkirk. The word *pylon* derives from a Greek word for an Egyptian temple entrance.
- 18th -10th August – **Big Butterfly Count**. Where are all the butterflies? This is a UK-wide survey that everyone can take part in. Follow this link for further information and full instructions on how to take part. <https://bigbutterflycount.butterfly-conservation.org/>
You can do it online or via an app if you have a smartphone.
- 19th (1545) Battle of the Solent between the English and French, during which Henry VIII's flagship *Mary Rose* was sunk.
- 21st (1884) the first Test Match at Lord's - England beat Australia.
- 24th (1936) the Speaking Clock was introduced using the voice of telephonist Ethel Jane Cane. She won a competition involving 15,000 telephonists, her prize being ten guineas (roughly £950 today). The 1936 glass discs, relays, valves, etc. filled an entire room; today the digital equipment occupies the space of a suitcase.
(2025) Pythagorean Theorem Day. Mini maths refresher – Pythagoras' Theorem defines the relationship between the sides of a triangle where the square of the hypotenuse (longest side of the triangle) is equal to the sum of the square of the other two sides. Well, today's date fits that formula – 24/7/25 : $24^2 + 7^2 = 25^2$.
- 25th (1978) birth of Louise Joy Brown – the world's first "test tube" baby.
- 26th (1803) the first public railway opened – the Surrey Iron Railway ran the nine miles from Wandsworth via Mitcham to Croydon.
- 28th (1959) saw the introduction of postcodes – first trialled in Norwich and extended to cover the entire country by 1974.
- 31st (1970) the last day of the Rum Ration (also known as Nelson's Blood) – a tradition dating back to 1655. At 11 am the pipe-signal *Up Spirits* was sounded for the last time, commemorated in the Navy's home of Portsmouth by the issuing of a special stamp and on board ship by the wearing of black armbands. 

THANK YOU BARBECUE

We all know how much the functioning and success of our u3a depends on the commitment of Group Coordinators and other volunteers and we are very grateful to these people. Each year, to show the members' appreciation, the Committee invite these people to a "thank you" event.

This year saw the return of the popular Thank You Barbecue at the Denvilles Club in Havant. Nearly 70 GCs and volunteers turned up on a very hot June afternoon for an afternoon of fun, food and friends.

Fortunately we were blessed with a breeze and even a few spots of rain which made taking part in the organised side shows much more comfortable. The barbecue food supplied by The Denvilles Club was excellent and we were also treated to live music all afternoon and a little sing along while we digested our food. There was a great atmosphere as everyone mingled and chatted, doing what u3a people do best - talking to old friends and making new ones!

The games were won by :

Horse racing - Lori Talbot

Ping Pong - Tony Paul

Croquet - Rob Stansbury

Bean Bags - Kevin Stock

Boules - Dawn Simpson

Rainbow Arches - Lori Talbot

Many thanks to Nigel and his team of helpers for putting the afternoon together. Some photos of the event can be seen in our website Photo Gallery :

HELLO ALL FRANCOPHILES

Waterlooville u3a now has seven French language groups! Over the May Bank Holiday weekend, some members of French Conversation 1 recently visited Maurepas near Paris, as part of this year's Twinning visit. This year the '*Jumelage*' celebrates its 30-year anniversary. To note this a watercolour painting of some of the notable buildings of Waterlooville was given to our French partners (can you identify the odd man out?).

This was a great opportunity for those members to extend their knowledge of France and practice speaking the language in a very relaxed and sympathetic environment, and it was a good opportunity for collaboration between Wu3a and the twinning Association. In the past the Twinning Association was very much appreciated by younger families; now its support is mainly from the retired who have the time and desire to visit France not just as tourists but are interested in the culture and meeting the people, so it might be of interest to other Wu3a French Group members.

Anyone who would like to further their knowledge of French culture and language (although speaking French is not a requirement) and would like information about the Twinning Association should contact Glynnis Simcox, Chairman of the Twinning Association (glynnis.simcox@btinternet.com) or our u3a Chairman, Rob Stansbury (robriscs@aol.com).

The Waterlooville Twinning Association is also twinned with Hensted-Ulzburg in Germany so there could also be similar opportunities for collaboration with any members of our German language groups who might like to further their interest in German culture and language.

Euan Chalmers & Rob Stansbury

JULY ASSOCIATIONS

Astrology

1st-22nd Cancer (the crab), ruled by the Moon; element Water; "I feel"

23rd – 31st Leo (the lion), ruled by the Sun; element Fire; "I will"

Bird of the month – Blackbird

Is there a more melodious sound in the garden than the song of the blackbird? They are great companions to have hopping about with you while you potter in the garden. They are particularly fond of earthworms and will listen for their movement underground. The breeding season for this familiar garden bird ends this month, with blackbirds having two or three broods. You can see blackbirds in the garden all year round = particularly if you have a lot of autumn-berried shrubs or leave a few wind fallen apples on the ground.

The oldest blackbird on record was 21 years and one month old, way above the average life expectancy of around three years.

July fruit : apples, apricots, bilberries, blackcurrants, blueberries, cherries, gooseberries, greengages, kiwi fruit, loganberries, melons, peaches, plums, raspberries, redcurrants, rhubarb, strawberries.

July vegetables artichoke, aubergine, beetroot, broad beans, broccoli, carrots, cauliflower, chicory, chillies, courgettes, cucumber, fennel, French beans, garlic, kohlrabi, lettuce, mange tout, new potatoes, onions, pak choi, peas, radishes, rocket, runner beans, samphire, sorrel, spinach, spring greens, spring onions, summer squash, Swiss chard, tomatoes, turnips, watercress.

Info gleaned from *The Wildlife Community, Awareness Days, National Trust Gardener's Almanac, National Farmers' Union, British Dietetic Association*

AND FINALLY?

In a previous life my work involved a lot of travel in Britain and in Europe. But my wife, who thought that this was very glamorous, stayed at home. In reality, I went to industrial and business areas, nowhere exciting. As a result my wife chose the venues for our holidays - always in Europe.

However, one year she just could not make up her mind. Lots of ideas but no decision. So I obtained a map of Europe and told her to throw a dart at it and wherever the dart landed then this would be the place we would go. And she agreed.

So she threw the dart - and we stayed for two weeks behind the fridge!
